SKILLS

- Proficient in MERN stack (MongoDB, Express.js, React.js, Node.js)
- Frontend development: HTML5, CSS3, JavaScript, Reactjs, Bootstrap, Mui
- Backend development: Node.js, Express.js
- Database management: MongoDB
- Version control: Git, GitHub
- Responsive web design
- RESTful API development
- Agile/Scrum methodologies
- Strong problem-solving and debugging skills

EDUCATION

PSNA CET

2018-2022

BE-ECE

NAAM

2017-2018

12th

CERTIFICATE

- **Reactjs:**Hinelix Technologies
- **Mern Stack:**Null Class
- **FullStack Development:**Atos
- **Reactjs(FSD):**Techjays

PROFILE SUMMARY

Dedicated **MERN stack developer** with one year of industry experience, proficient in developing scalable and efficient web applications. Experienced in collaborating with cross-functional teams to deliver high-quality projects. Strong problem-solving skills with a passion for learning new technologies.

WORK EXPERIENCE

Reactjs Fullstack Developer(MERN)

Techjays

Oct 2023 - Feb 2024

- Spearheaded development efforts on key projects, including **Yovi** and **Expense Tracker**, overseeing the entire project lifecycle from conception to deployment.
- Collaborated closely with product managers and UI/UX designers to translate business requirements into scalable technical solutions, with a specific focus on **React.js frontend** development.
- Designed and implemented responsive user interfaces using **React.js**, ensuring seamless interaction and optimal user experience across devices.
- Developed and integrated **RESTful APIs** using **Node.js** and **Express.js** for seamless communication between frontend and backend systems.
- **Integrated third-party APIs**, including payment gateways and social media platforms, to enhance application functionality and user experience.
- Conducted thorough **testing and debugging of React.js** components and frontend functionality to maintain code quality and optimize application performance.
- Provided technical guidance and mentorship to junior developers, fostering a culture of continuous learning and growth within the team.

Projects:

Yovi

- Yovi is a social experience platform that helps users find and connect with **social businesses** and **events**.
- Designed and developed frontend components using **React.js** for browsing social businesses and purchasing event tickets.
- Implemented networking features to allow users to connect and network with others attending **similar events**. [Yovi Link](#)

Expense Tracker

- Expense Tracker is a financial management application for tracking expenses and budgeting.
- Developed a responsive and intuitive user interface using **React.js** for managing expenses and visualizing spending habits.
- Implemented backend functionalities for storing and retrieving expense data using **Node.js** and **Express.js**. [Expense Link](#)

Associate Software Developer

Atos Syntel

Sep 2022 - June 2023

- Collaborated with senior devs for **timely delivery** and project specifications adherence.
- Supported the team by troubleshooting and resolving **technical issues**, contributing to the seamless functioning of software applications.
